Guest Speakers and Lecturers

To ensure that the students and Faculty stay updated on the current trends of the Industry **I**²**IT** encourages seminars and workshops conducted by some of the most prominent names in the field of Information Technology. A case in point is the Seminar and Workshop on Wireless Technologies organized in collaboration with International Center for Theoretical Physics (ICTP), Italy and the International Telecommunications Union (ITU). This workshop was attended by professionals and academicians in the area of telecommunications from various countries and gave students an opportunity to learn from the international experiences of the participants.

I²IT uses its exhaustive networks and world-wide collaborations to keep inviting leaders and eminent personalities to share their database of knowledge and experience with the student and Faculty. Every year at I²IT is made up of numerous lectures, seminars and workshops, each contributing one step at a time towards creating a professionally rewarding experience.

Speakers share their life experiences with the students who get the opportunity to hear first-hand how these great achievers reached the top. These business and technology icons speak on the latest subjects and industry trends and students are exposed to cutting-edge ideas in IT and Business. **I**²**ITians** get a chance to

have an open interaction with industry leaders and leading technologists and gain a deeper understanding of the real-world complexities in today's technology.

Visionaries who have visited **I**²**IT** include Azim Premji, Chairman of Wipro Technologies, R Venkatesan, CEO of Microsoft India, Sam Pitroda, Chairman of Knowledge Commision, Kiran Karnik, President of NASSCOMM amongst many others.
